- ★ *NEW! Biggest, Best, Brawniest TROY-BILT ever!*
- ★ *"Turn Key" Electric Starting available*
- ★ *BEST Warranty in the business*

*See inside for complete HORSE line-up . . . ▶*

# These features make a TROY-BILT HORSE tough, long-lasting and Easy-to-Operate!

**Tubular Steel Handlebars**  
Solid tubular steel construction. Engine throttle located here for easy fingertip control.

**Forward/Reverse Lever**  
Locks positively in "Forward" but not in "Reverse"—a key safety feature.

**Wheel Speed Shift Lever**  
Gives two extra wheel speeds—for special tilling conditions.

**Instant Depth Regulator**  
Automatically controls depth of cut from shallow for cultivating . . . up to 8" for deep tilling.

**Heavy-Duty Steel Hood Flap**  
Hood keeps tines from throwing dirt while tilling and helps break up clods thrown against it. Flap smooths and levels soil, making it perfect for seeded planting.

**Rear-Mounted Bolo Tines**  
Gives "Just One Hand" tilling ease—so you leave no ugly wheelmarks or footprints.

**Instant Handlebar Height Adjustments**  
Set them up or down with a simple turn—without tools.

**T-Bar**  
Rotates handlebars sideways—either right or left.

**NEW! Tine Clutch & PTO**  
Allows you to stop and start the tines while the wheels keep going. Tine section can be removed to easily add Power Take Off attachments.

**Front-Mounted Engine**  
Gives the Tiller remarkable balance and operating ease.

**Power-Driven Wheels**  
Driven by gears—not chains or belts. Wheels hold the Tiller back, so the tines dig deep and thoroughly till the soil.

**Cast-Iron Heavy-Duty Transmission Housing**  
No other tiller has this long-life feature!

## Super Tough Cast-Iron Transmission

Built rugged with tapered roller bearing—bronze gears—and a heavy-duty cast-iron casing. The TROY-BILT transmission is carefully engineered to provide trouble free operation and transmit power to wheels and tines using gears, no belts or chains!

# Our 2 hardest working TROY-BILT Tiller Models!

## 8 HP KOHLER PROFESSIONAL

Most powerful and durable TROY-BILT ever!

## 6 HP HORSE

Our most popular TROY-BILT!

### STANDARD FEATURES

- diamond-tread pneumatic tires
- two-stage air cleaner
- 12" bolo lines
- tine clutch/PTO (Power Take-Off) capabilities
- 4-Speed Transmission

### BEST USE

- medium to large size family gardens
- home landscaping (including light grading)

### RECOMMENDED GARDEN SIZE

- up to 10,000 sq. ft.

**"PTO" & other attachments turn the TROY-BILT into a super work-saver!**

**LOG SPLITTER** 15-second splitting cycle! Drive it right into your woodlot. Built-in oil filter, 4" cylinder, 2-stage hydraulic pump, and automatic return lever.

**NEW . . . Self-Propelled "Power-Take-Off" Chipper/Shredder**  
Attaches in minutes. Extra heavy-duty construction, comes with kickstand support when not attached to tiller, 8" dolly wheel for easy maneuvering.

### HILLER/FURROWER

Mounts in seconds for hilling corn and potatoes, digging furrows and trenches (up to 8" deep) and makes raised beds.

### BUMPER & DOZER/ SNOW BLADE

BUMPER protects the TROY-BILT engine from accidental bumps against all obstacles. Mount the DOZER/SNOW BLADE on the BUMPER, for light grading and plowing snow!

**PLUS— these other PTO attachments, too:**

**2600 WATT GENERATOR**— Portable electricity for all kinds of power tools.

**TOW HITCH**— Accepts all TROY-BILT tow-behind attachments.

**TROY-BILT DUMP CART**— Hauls up to 400-lb. loads.

**V-SWEEP CULTIVATOR**— Slices weeds just below the surface, 20" wide path.

*See other side for specifications and unique Warranty.*

***WHY for heaven's sake suffer any longer—***

with a tiller like the one at left with the tines in front and no power to the wheels . . . the type that shakes you to pieces, tangles unbearably and leaves wheelmarks and footprints in the nice smooth soil you've just tilled or cultivated?

***Instead, move up to  
the EASE and JOY of a TROY-BILT Tiller!***

The TROY-BILT Tiller with its multi-purpose tines in the REAR and POWER-DRIVEN wheels is so easy to handle you guide it with JUST ONE HAND! It makes breaking sod, chopping and tilling under crop residues, leaves and other soil-improving organic matter EASIER, FASTER and MORE EFFICIENT than you've ever imagined!

**You get the BEST WARRANTY in the business!**

**FULL NO-TIME-LIMIT  
WARRANTY!**

Your TROY-BILT® Roto Tiller-Power Composter is carefully inspected and tested at the factory. We, or your dealer, will at any time repair or replace at no cost to you any part which is defective in materials or workmanship except the engine, which is warranted separately by the engine manufacturer for at least one year. Write us for details.

This Full No-Time-Limit Warranty also applies to Aids, attachments, except the Dump Cart and any powered PTO attachments (such as the Log Splitter and Generator) which are warranted separately by their manufacturers for one year. Write us for details.

This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

**PLUS . . . Our 30 DAY-IN-THE-GARDEN  
NO RISK TRIAL PERIOD . . .**

If you are not entirely pleased and satisfied with your TROY-BILT Roto Tiller-Power Composter, its attachments, or its powered attachments, within 30 days after you first use it in your garden, you may notify us or your dealer and return it for full refund including shipping costs.

**Half-Price Factory Rebuilding Agreement**

At any time, no matter how new or old your TROY-BILT Roto Tiller-Power Composter may be, we will rebuild and repaint it, replacing every worn part (such as bearings, gears, seals, tines, belts, and including a new engine) for one-half the current retail price at the time of repair of that model or its equivalent (if that exact model has been changed); owner to pay shipping and container costs to and from the factory. If any other than wearing parts need replacement, an estimate will be submitted to owner for approval. This offer, of course, is subject to fire, war, strikes, and other contingencies beyond our control.
