

TROY-BILT® Horse Model

PARTS and ATTACHMENTS PRICE LIST and ORDER FORM

Direct from the Factory

Dear Troy-Bilt Owner,

Here's your brand new and *easier-to-use* Parts Price List and Order Form. We've tried to make it *simpler*, so it'll be *easier* for you to find exactly what you need and to order it.

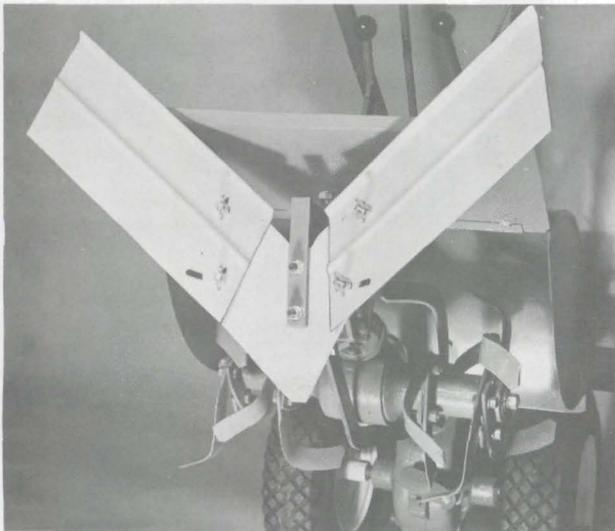

Plus, it's got *more* of the popular and handy "kits" which *save* you the most time and money!

This new Parts List replaces the one you now have, so please discard any other Parts Order Forms you may have received.

I hope this helps you to get even more use and enjoyment from your Troy-Bilt.

Sincerely,

Olson Leith, Jr.

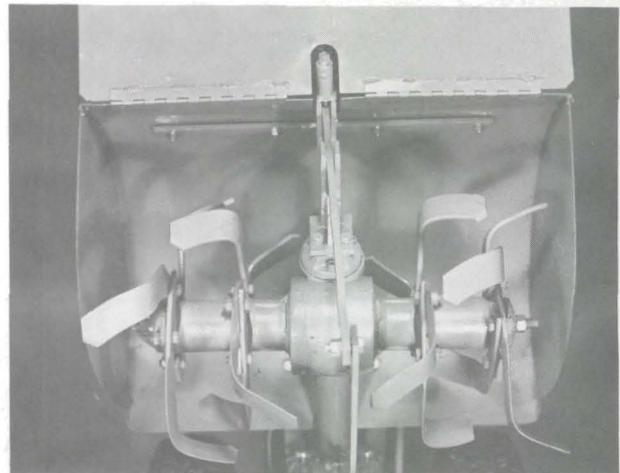

HILLER/FURROWER The best companion tool your Tiller can have. For planting, drainage or irrigation trenches, hilling, making raised beds, terraces and so much more! #1317 \$37.00

DOZER/SNOW BLADE AND BUMPER A versatile "homestead helper". Takes most of the heavy work out of light snow plowing and earth moving. #1343 \$129.00

WRAP-A-ROUND BUMPER/GUARD Full wrap-a-round protection for the carburetor and front of engine. Serves as mount for Dozer/Snow Blade too. #1419 \$44.00

BOLO TINES Truly all purpose tines for tilling in sod, weeds, cover crops, composted materials as well as seed bed preparation, tilling, and cultivating. #1245K \$44.00

TIME-SAVING KITS To take the guesswork out of ordering and make sure you have everything you need, we've put together some really handy kits.

ATTACHMENTS

If You're Ordering Attachments ...

On this Parts Price List and Order Form, Troy-Bilt Attachments are available at *list price*.

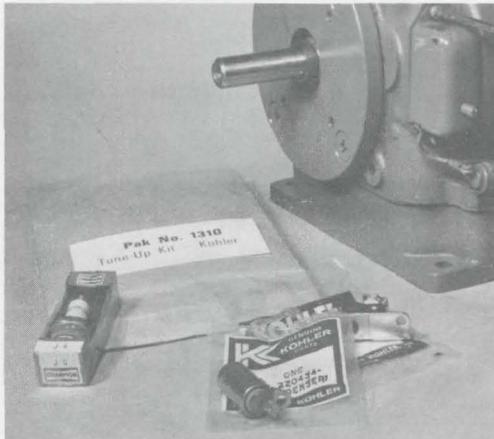

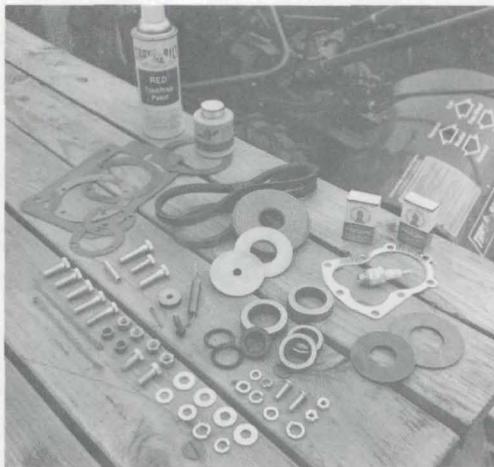

On your Owner Order Form for Tillers, the Attachments are available at your Extra Owner Discount (from 5% to 25%) *when they are ordered with a new Tiller*.

Troy-Bilt Parts and Attachments are included on this Parts Price List and Order Form for your *convenience* in ordering for your present Tiller.

Attachments ordered *with* a Troy-Bilt, using the Owner Order Form for Tillers, are entitled to the Extra Owner Discount then in effect for the *combined* order. This is because it costs us less in "paperwork" and handling, and we are more than happy to pass the savings along to you!

PLEASE REMEMBER: Attachments ordered separately or with parts are *not* discounted. Attachments ordered together with a Tiller *are* discounted (from 5% to 25%) according to the Off-Season Savings then in effect.

THANK YOU!

Master Repair and Maintenance Kits

You don't have to be *prepared* for too much with your Troy-Bilt, but if you just want to be, here's *everything* from tune-up parts to that bolt that worked its way to freedom.

#1771	2 Sp. Tecumseh	\$56.00
#1771F	4 Sp. Tecumseh	\$51.00

+Canadian shipments of handlebars, please contact your Owner Service Representative before ordering.

†PLEASE NOTE: Part #'s 9143 & 9144 must be a matched pair (See attachment #1390). When ordering a replacement wheel & tire, please specify the brand name on the side of the tire you're keeping (such as Goodyear, Armstrong etc.). THANK YOU.

HARDWARE

A special note about nuts, bolts, and other small items . . .

Some of the small parts for your transmission are not listed in this Order Form, but they are still available. If you do not see the specific part you need, please give us the part number and description from your Master Parts Catalog so we may fill your order.

Nuts, bolts, washers, shims, keys, spirol pins, and retaining rings will be a Standard Price of \$.30 each unless specifically stated otherwise in this Order Form.

See also the KITS for special hardware prices and groups.

ENGINES

Engines and engine parts are available through your local authorized engine dealer. They need to know the model and serial number of your engine as well as the make and horsepower.

Complete engines and parts are also available from us here at the Factory. If you need an engine or parts, please let us know the *engine make* and *horsepower*, so we can send you the proper parts listing and ordering information.

Still Need Help?

We want to be certain *your* Tiller is in top running condition. If you're not quite sure what part you need or just need a bit of extra help, write to us and describe your problem. Or, send us a sketch or a photograph of the part in question. If you return the part itself, we will determine the problem and send you the new part(s) we believe you need.

Please tag all returned items with your name, address, phone number and the Tiller's Vital Statistics (Serial Number, Engine Make, etc.). Include a letter of instruction with the part so we can give you the best service possible.

On all returned parts, shipping charges must be prepaid by you. PLEASE DO NOT RETURN BATTERIES.

Prices are subject to change without notice.

TROY-BILT® Roto Tiller-Power Composter

PARTS and ATTACHMENTS ORDER FORM *FACTORY DIRECT*

Instructions and Provisions

PLEASE: If you need a new *parts catalog, engine parts list* or have a *service problem*, attach a separate sheet to your order and write down all details. It really helps us to serve you better if you use this Order Form for Parts Orders only.

THANKS!

LIMITED WARRANTY

NO TIME LIMIT

Your Troy-Bilt® Roto Tiller-Power Composter and all attachments will be carefully inspected and tested at the factory. We, or your Dealer, will at any time replace any part which is defective in materials or workmanship—except for the engine (which is warranted by the engine manufacturer for 1 year; write us for details).

PLUS . . .

Please write or call us if you have any problems. If you are not entirely pleased and satisfied with your TROY-BILT® Roto Tiller-Power Composter any time within 30 days after you first use it in your garden, you may notify us or your Dealer and return it for full refund less shipping costs.

Even after your first 30 days of use, if you ever have any problems, we will make good even if it means sending you a completely new machine or having you return machine, parts, or attachments for exchange, repair or full refund of purchase price, whichever you prefer . . . except for shipping costs and an allowance for normal wear and tear.

To be eligible for this warranty, you must promptly return to us the Warranty Registration Card which comes with each new Troy-Bilt. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

THE ENGINE, OF COURSE, IS WARRANTED BY THE ENGINE MANUFACTURER!

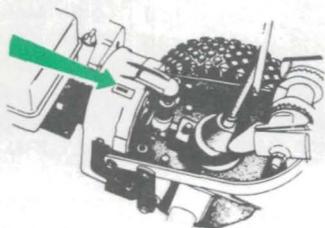

The engine on your Troy-Bilt Tiller is warranted by the engine manufacturer (for one year from the date of delivery). The engine warranty is described in detail in their instruction manual. If engine trouble develops, you should contact one of the engine manufacturer's authorized service dealers. He should be listed in the Classified Telephone Directory ("Yellow Pages") under "Engines-Gasoline." If he's not listed there, please write to us and we'll send you the names and addresses of dealers nearest you. Engine repairs, made by other than authorized engine service dealers, will void the manufacturer's warranty. If you do not get satisfaction on an engine warranty claim, please write to us.

TO FIND YOUR TILLER'S SERIAL NUMBER . . .

LOOK HERE

On Tillers shipped 7/6/71 and later, look on Transmission Case, right side above wheel axle.

OR HERE

On Tillers shipped prior to 7/6/71, look on Motor Mount, top left.

HERE'S HOW TO ORDER:

1. Please fill in "HOW MANY" for each item you wish to order. Fill in total cost for each part in "ENTER AMOUNT" column.
2. "SUBTOTAL" your order in the space provided.
3. Georgia, New York State, Vermont, and Washington State residents must add their appropriate "STATE SALES TAX" in the space below.
4. Add up and place the "TOTAL THIS ORDER" in the last space.
5. Check the "METHOD OF PAYMENT" you prefer, or complete the "CHARGE" information if that's your choice.
6. Be sure to fill in the "BILL TO" and "SHIP TO" information with your name, complete address and phone number (so we can contact you, if it's necessary). And, PLEASE PRINT PLAINLY.
7. Fill the "TILLER VITAL STATISTICS" box with your Tiller Serial Number, Month and Year you bought your Tiller, Engine Make and if your Tiller has 1 or 2 belts.
8. Mail order form back to us with your check, money order or charge information.

METHOD OF PAYMENT . . .

Cash in advance, Bank Credit Card, or C.O.D.

You can make payment in advance (at least 20% please) by personal or cashier's check, by express or postal money order, or by Bank Credit Card (Master Charge, VISA, or Chargex.)

Make checks payable to the order of GARDEN WAY MFG. CO., INC.

If you do not desire to make full payment in advance, your shipment will be sent to you C.O.D for the balance.

PLEASE NOTE: We cannot make C.O.D. shipments into Canada.

A Special Note Regarding C.O.D. Truck Shipments

Certain items (see below) are sent Motor Freight Collect. If you wish to have these items sent to your C.O.D., most truckers will charge an additional fee (minimum of \$6.73) to collect C.O.D. charges. You can avoid this fee by sending payment in full or charging your order to Master Charge or VISA.

NO HANDLING OR PACKING CHARGES.

We Pay Ordinary Postage, U.P.S. and C.O.D. Costs

All ordinary postage, United Parcel delivery costs and C.O.D. fees will be paid by Garden Way Mfg. Co., Inc. with two exceptions in which case you pay the costs:

- If you order any one of these *extra heavy items*: →
 - Complete Tiller
 - Complete Engine
 - Half-Price Rebuild
 - Dozer/Snow Blade and Bumper
 - Bumper (Canadian shipments only)
- If you request *special handling*, such as air freight or United Parcel Blue Label Service, these full shipping charges will be collected at the time of delivery.

These items will be shipped to you by truck and *full motor freight charges* will be collected by the trucker. Dozer/Snow Blade and Bumper may be sent Motor Freight or U.P.S. *collect* for the shipping charges.

METHOD OF SHIPMENT

All parts orders will be shipped United Parcel Service or mailed Parcel Post at our expense, except for those heavy items or special delivery services mentioned above.

DO-IT-YOURSELF TILLER REBUILDING KIT

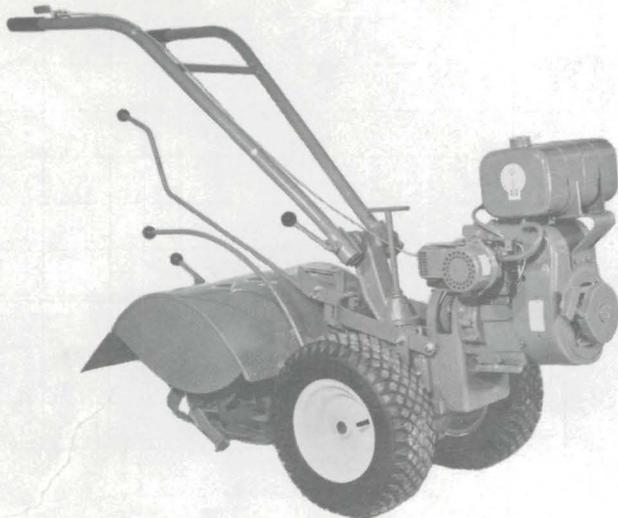

You can expect many years of work from your Troy-Bilt (given careful maintenance), but you may eventually want to put your faithful Tiller back into top-notch condition and appearance—**just like brand new**. With the Troy-Bilt Rebuilding Kit you can do the “rebuilding” yourself (instead of here at the Factory) and at great savings to you.

Kit contains all the exact same parts used in a Factory Rebuild.

You can take the opportunity to move up to an Electric Starting or top-of-the-line 7HP Kohler.

You get a brand new engine, your fully rebuilt transmission *and more . . .* for a just-like-new Troy-Bilt!

CONTACT YOUR OWNER SERVICE REPRESENTATIVE FOR MORE DETAILS.

PRL-2 8/78

HALF-PRICE FACTORY REBUILDING AGREEMENT

At any time, no matter how new or old your Troy-Bilt Roto Tiller-Power Composter may be, we will rebuild and repaint it, replacing every worn part (such as bearings, gears, seals, tines, belts, and including a new engine) for one-half the current retail price at the time of repair of that model or its equivalent (if that exact model has been changed); owner to pay shipping and container costs to and from Factory. If any other than wearing parts need replacement, an estimate will be submitted to owner for approval. This offer, of course, is subject to fire, war, strikes and other contingencies beyond our control.

CONTACT YOUR OWNER SERVICE REPRESENTATIVE FOR MORE DETAILS.

THANK YOU FOR YOUR PART IN OUR BUSINESS!

We try to provide Troy-Bilt Owners with an outstanding value, both in the purchase price and in the maintenance costs of our Roto Tiller—Power Composters, and the parts and attachments which are especially designed for use with them.

This is the purpose of our Direct-From-The-Factory Off-Season Savings Plan, the Half-Price Factory Rebuilding Agreement, the Special Sales and Kits for Troy-Bilt Owners only and, especially, our No-Time-Limit promise to you.

It's our way of saying “Thank You!” for your cooperation in placing your orders during the Off-Season months—and for your help in spreading the good word about the Troy-Bilt to other gardeners—to our great and genuine mutual benefit.
