

This Supplement describes your new “Big Red” 11 Horsepower PTO Horse Model Tiller. Keep it with your Owner/Operator Manual.

Your new “Big Red” tiller is equipped with our top-of-the-line 11 Horsepower Industrial/Professional (I/P) Briggs & Stratton engine, plus other special features.

We know you will be pleased with the power and performance of this I/P-rated engine. For important instructions on how to prepare, operate and care for the engine, please refer to the 8HP I/P Briggs & Stratton engine information that is enclosed in your Horse literature package. Except for the differences noted in this Supplement, the 11HP and 8HP engines share the same basic instructions. Also, carefully read the enclosed Engine Owner’s Manual that is provided by Briggs & Stratton.

These features are unique to 11HP “Big Red” Tillers:

- The 11HP I/P engine offers the extra-service life and ruggedness of an Industrial-Professional design.
- Conveniently located dipstick oil level readings.
- Electric starting is standard.
- Special engine throttle cable.
- Extra engine oil capacity (see your Briggs & Stratton Engine Manual).

PLUS...YOU RECEIVE:

- A Bumper attachment is factory-mounted.
- Long-life custom tilling tines.
- A Hiller/Furrower attachment is included.
- Wheel Weights are included (both tiller wheel hubs are factory-drilled for easy wheel weight installation).

Features and Controls on the 11HP Briggs & Stratton I/P Engine

The features and controls on the new 11HP I/P Briggs & Stratton engine are shown in the illustration below. Many of the features are the same as on the 8HP Briggs & Stratton engine shown in other Horse literature you received. Features that are different are: “D” and “G”.

- | | |
|------------------------------------|--------------------------------------|
| A. Carburetor choke control | F. Fuel fill cap |
| B. On/Off engine switch | G. Oil fill tube & Dipstick |
| C. Engine recoil starter | H. Oil drain plug |
| D. Muffler and guard | I. Air cleaner |
| E. Fuel tank | J. Secondary throttle control |

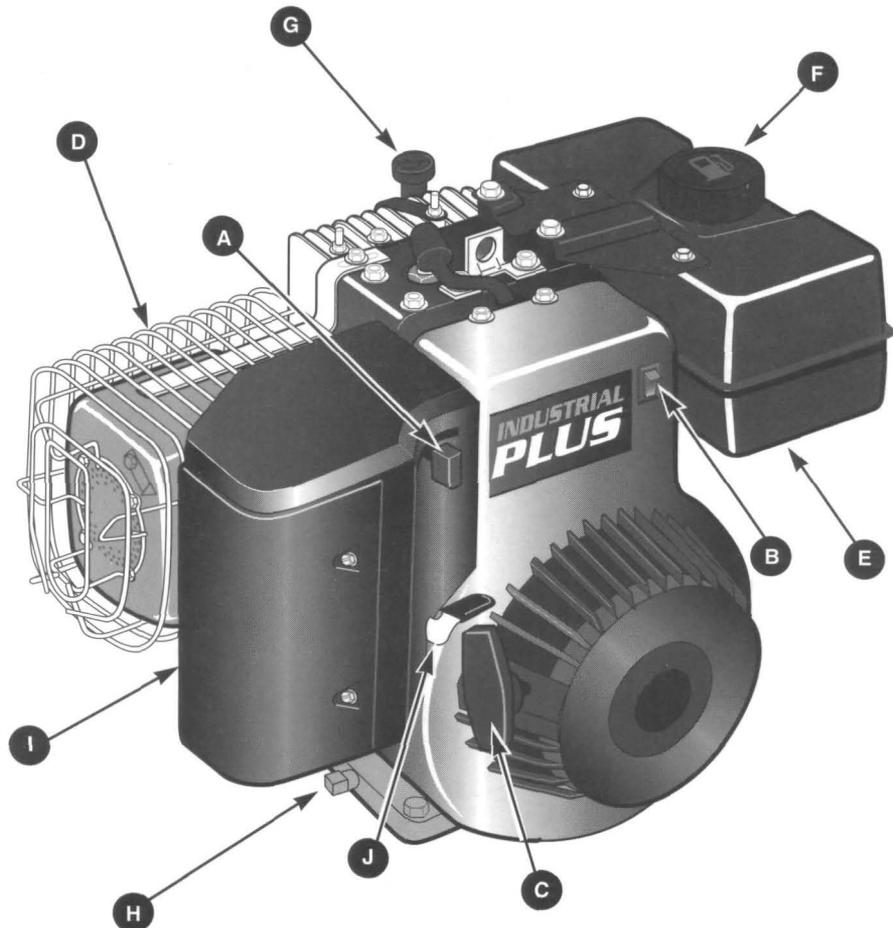

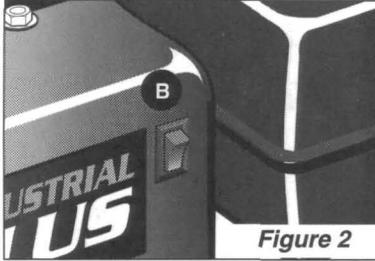

Figure 1

Rocker-style ON/OFF switch must be activated

This convenient switch ("B" in Figure 2) must be in the ON position before engine can be started.

You may shut the engine off with the Throttle Control Lever or with the ON/OFF switch.

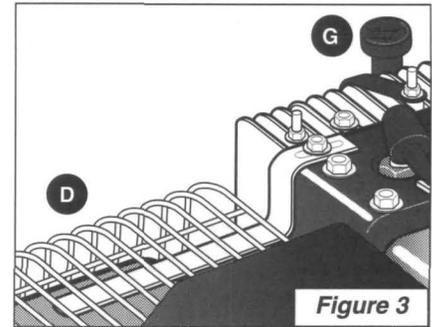

Special muffler and muffler guard

Heavy-duty muffler for long life and protective, cage-type muffler guard. See "D" in Figure 3.

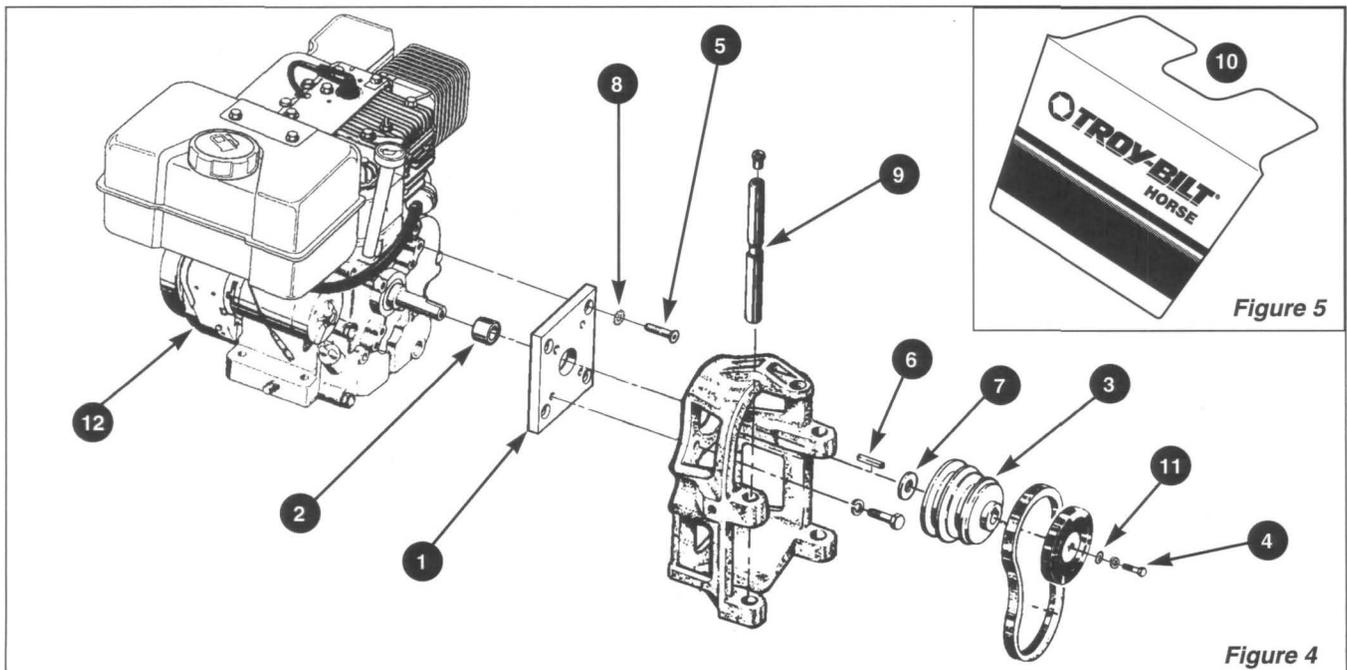

Convenient oil dipstick

Standard equipment is an easily checked oil level dipstick near the top-rear of the engine. See "G", Figure 3.

The 11HP "Big Red" tiller uses the following parts which are not shown or described in your Parts Catalog:

REF. NO.	PART NO.	DESCRIPTION (see Figures 4 and 5)	QTY.
1	2677	Engine Adapter Plate	1
2	2660	Spacer	1
3	2357	Engine Pulley (1" bore)	1
4	1100012	Screw— hex hd., 3/8"-24 x 1-3/4"	1
5	9655	Screw— hex hd., 5/16"-24 x 3/4", Grade 5	4
6	9326	Engine Pulley Key, 1/4" sq. x 1-1/4"	1
7	1166-1	Shim, 1.375" x 1.015" x .062"	As Required
	1166-2	Shim, 1.375" x 1.015" x .030	As Required
8	9919	Washer, external tooth, 5/16"	4
9	1900836	Bar, engine mounting, stainless steel	2
10	1904146	Decal, control panel	1
11	9903	Washer, flat, 3/8"	1
12	1904192	Engine, Briggs & Stratton, 11HP I/P	1

Shown below is the special factory-installed bumper you received. Refer to this parts list should you ever need replacement parts.

REF. NO.	PART NO.	DESCRIPTION	QTY.
1	1910730010	Brace- bumper bottom.....	1
2	1909765	Bolt- hex head, 1/2"-13 x 1-1/2"	1
3	9914	Lockwasher- spring lock, 1/2"	1
4	1909748	Spacer- for bottom brace.....	1
5	1100799	Bolt- hex head, 5/16"-18 x 1-1/2"	2
6	9912	Lockwasher- spring lock, 5/16"	2
7	9801	Nut- hex, 5/16"-18.....	2
8	1904168	Bumper- wrap-around (incl. Ref. No. 11).....	1
9	1100046	Bolt- hex head, 3/8"-16 x 1"	2
10	9913	Lockwasher- spring lock, 3/8"	2
11	1448	Decal- for bumper	1

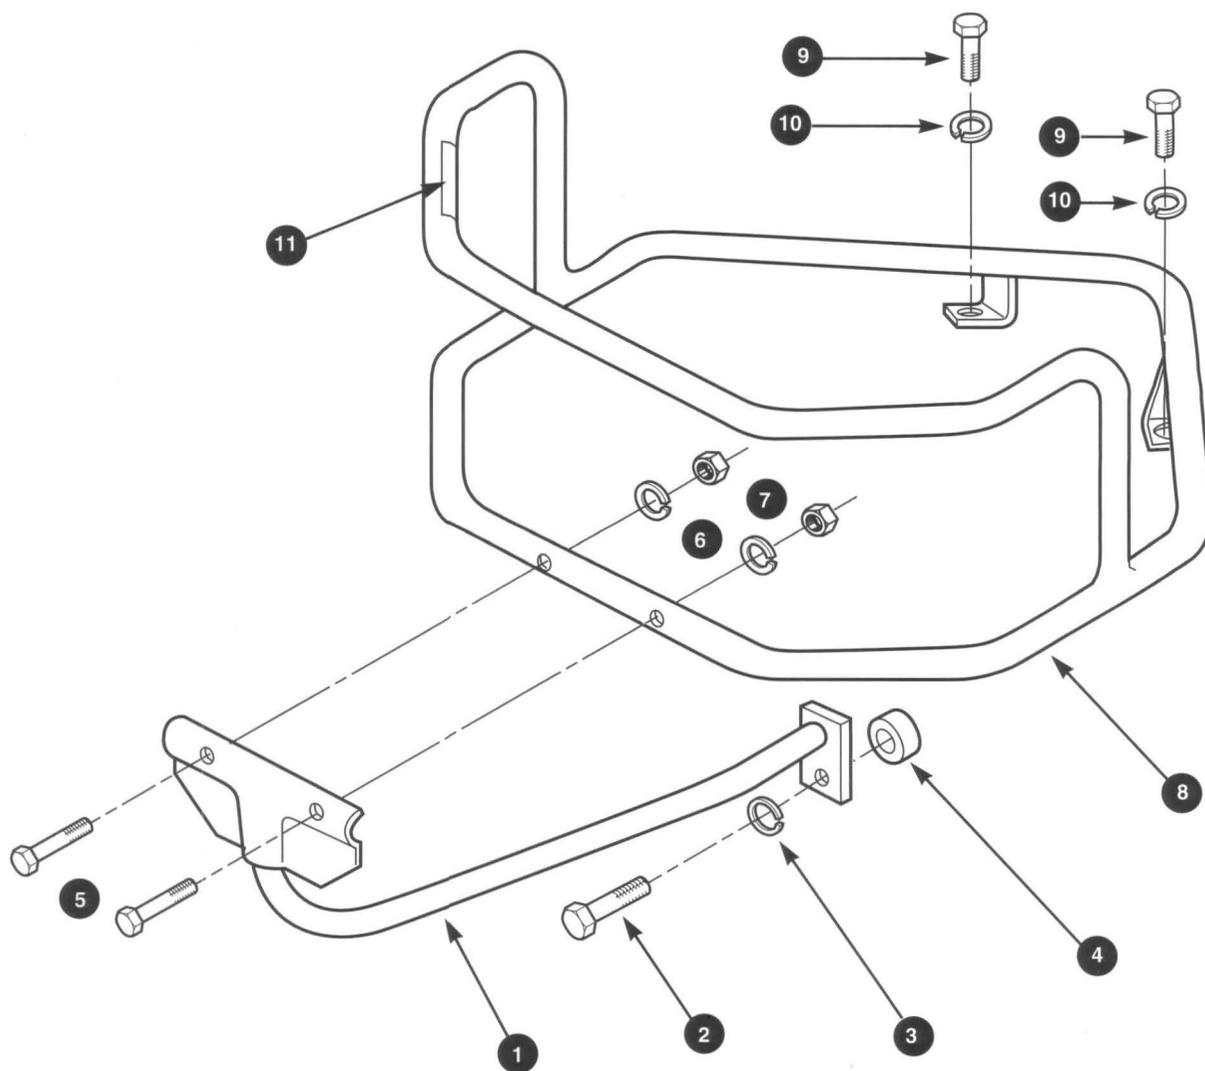

Figure 6
